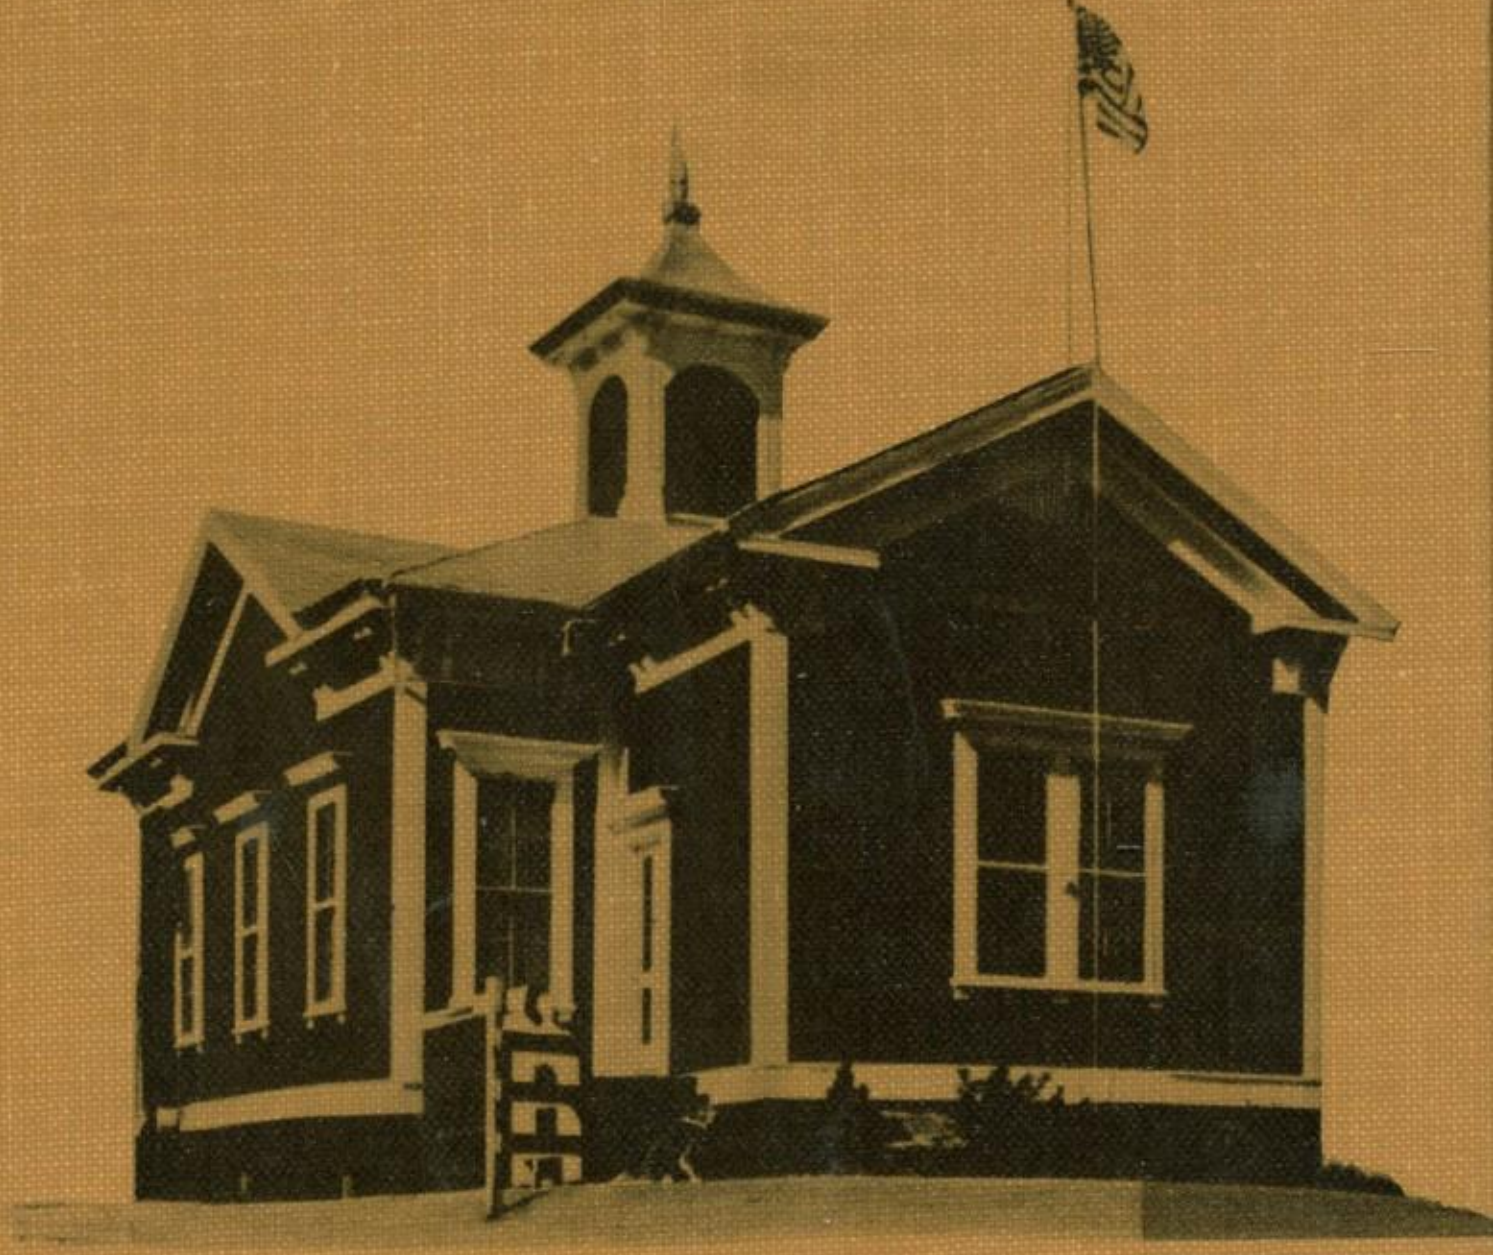
BENNETT

YEARBOOK 1978



Preface

The Bennett Yearbook 1978 is designed to cover the various curriculum of BHS students during the 1977-1978 school year. To enable everyone to study BHS in a modern theoretical development, the layout, photography, and copy print was created by BHS students in their own style.

From The Editors

I am more excited about this annual than any other. Perhaps because it is my fourth and final at BHS. For me this annual will not only bring back memories of my last year at BHS but of my fellow staff members as well. Some very special people have worked long and hard hours to put this book together. I want to thank them, especially Jeff. Hopefully all the memories that should be here are here.

Karla Koenig

Working on an annual is one of the most memorable and rewarding activities in High School. Not only do you reproduce your own memories, but you try to catch everyone elses also. We have tried to capture many moments in this yearbook. Hope it holds as many for you as it does for me and my fellow staff members. Thanks to all members who put in the long and tiring hours to get this annual on the presses.

Bennett FBLA Completes Another Successful Year!

This was a very good year for our FBLA. Our membership increased to an all time high of 51. We hope we will continue to grow next year.

Karla Koenig was Colorado State FBLA Treasurer this year. President Jeff Koenig will be next years District 3 representative. We are very proud of both of them.

Some of our activities this year included participation in district and state contest, service and money making and fun projects.

We are also planning on sending four members to represent our chapter at National Convention in San Francisco this summer.

"FFA Ain't All Cows and Plows"—

Since agriculture plays such an important role in this area, the Bennett FFA has always had an active part in the community. Thus making the skills learned in FFA both relevant and applicable. Gary Campfield and Jackie Becker served as district officers and the chapter as a whole participated in district competition of basketball and volleyball as well as other activities.

National Honor Society

To become a member of N.H.S. a student must have a high grade point average, participate in school activities and show good citizenship. A student is selected by a faculty committee and initiated in the spring. This year's National Honor Society participated in their regular activities.

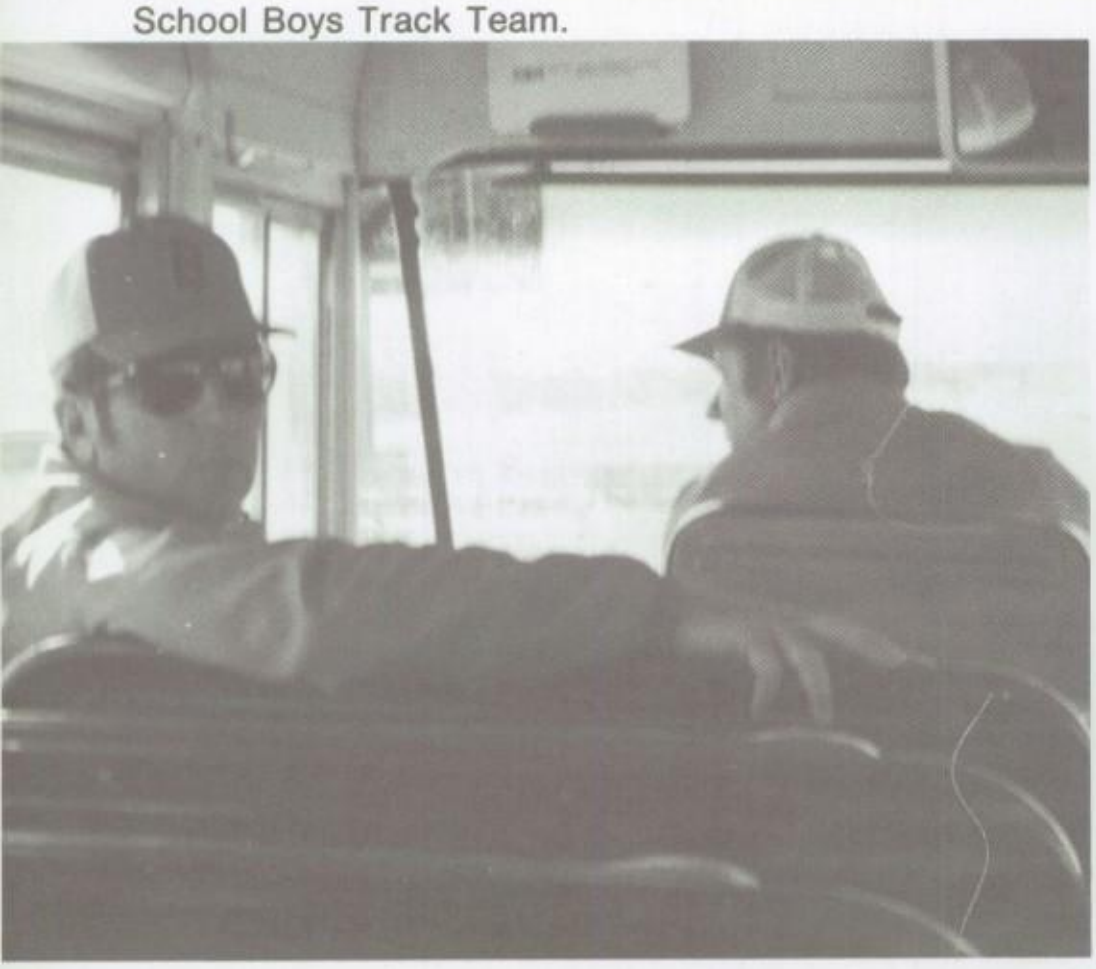
Coach Kaufman, M. Smallwood, A. Jones, J. Koenig, N. Dasbach Below: T. Janne mgr., D. Toft, M. Read, B. Harmon, T. Calkins, G. Stephenson mgr.

The boys track team did an outstanding job. They brought home several ribbons, medals, and trophies. With fast times on the running field and good distances and heights in the field events the team competed well in several track meets. The only factor which didn't seem to improve from meet to meet was the weather, as the sun usually forgot to shine. But many shining victories warmed things up a little for the High School Boys Track Team.



Yea . . . I know we're good.

That's right . . . I know how to run

Try and catch this one

Just grab it and run

Coming in for a landing

Pushing it for home

Push it Susan

Now run like mad!

I'm ready . . . Are you?

Bombs Away

A young and skilled girls track team competed hard and well at several meets. Striving for better and better performances the girls improved throughout the season. Losing no member to graduation the High School Girls Track Team shows a lot of future promise.

HURRAY FOR HOLLYWOOD

Looking over the city of Hollywood in the year of 1998, we encounter a quaint little movie studio none other than the WARNER SISTERS studio.

On stage #1 our story takes place when Bertha (Laura Margheim) drops her boyfriend because she thinks he is in love with Jane (Crystal White).Jane, on the other hand, is yelling at Tarzan (Mike Read) for letting Boy (Dave Metcalf) give Cheetah (Ron Morgan) a bath. The title incidentally, is "Johnson of the Jungle."

Moving right along to set #2 is the scene of the new children's flick directed by Academy Award winner Mark Zuber. The movie's plot centers around Little Bo Peep (Lila Hawkinson) whose sheep dog Ralph has been stolen by the big bad wolf (Randy Trupp).

Next, the scene is set for the 1998 western "How the West was Lost." We see Clara Quiet (Kathy Dawson) waltzing in, escorted by the ever handsome and debonair Marshall Byrd (Gary Campfield). In the corner of the saloon sits Deputy Homer Warren (Lynn Lancaster) who is taking off his Tuesday gun belt and putting on a different one for Wednesday. Meanwhile at the other end of town, Sick Sharon (Sharon Schroth) is trying to kill Marathon John (John Stowell) who fortunately is just too quick for Slick.

On stage #4 the Broadway sequel to "One Flew Over the Cookoo's Nest" is being revised into the new musical smash, "One Stopped in Pueblo." This movie stars Dennis Nelson as the terrible Doctor Rancid and Pam Dunn and Andrea Brady as the mixed-up inmates trying to prove to the world that they are as sane as anyone else. This movie should be especially recognized for its unearthly costumes. All credit goes to that spectacular fashion coordinator Ms. Jean Ann Donnel. Ms. Donnel is also the personal designer for that recent Rock-n-Roll sensation—your favorite and mine—Darrell "TIMBER" Wood.

Entering studio #5 we are about to see the beginning of filming of "The Grand Prix of Racing" featuring that wonder car - the Purple Baron! The Baron is owned and driven by Fast Freeda (Janelle Johnson). NOTE: special recognition should be given to Freeda's "Pits Crew"; Barb Bearings (Barb Behrens), Barb Battery (Barb Neely) and Debbie Louver (Debbie Lund). ANOTHER NOTE: at the conclusion of the film the Purple Baron will be inducted into the CLASSIC Car Hall of Fame.

Finally in studio #6 we find the setting for the current TV smash "Room 278" about the life of a small classroom in Suburbia. The teacher of the class is Greta Klotter (Merna Fagerstrom) who tries to keep her unruly bunch the "Sweat-Dogs" in line. The lead "Sweat-Dog" Barbie Reno (Lynn Smythe) is in a fight with the class clown Horseradish (Jeff Bordner). Barbie is mad because Horseradish knocked Moose Moose Jefferson (Tom Pennington-Boyer) into the fish tank, spilling water over Barbie's only steady boyfriend Juan Squintstein (Gary Brungardt). On the other side of the classroom the other two "Sweat-Dogs" Pluto and Lassie (Randy Ingrahm and Mike Oldham) are being lectured by Ms. Woodman (Tracy Kalcevi) on why not to pick on the model student Karla Kool (Karla Koenig).

As our tour ends and we are leaving the studio, we hear a conflict between the WARNER SISTERS executives, Sharon Hooveman and Chris Washboard, and the new Park Ranger (Dave Seigman). The Park Ranger suspects the studio of trying to buy all the good forest land for more sound stages. As we fade away we hear the Park Ranger Saying, "What about all those little chipmunks and squirrels?"

Congratulations to the Seniors of '78 from the Juniors of '78.
You are all super stars in your own rights.
Best of luck in the future!

"All In the State Of Mind"
Author Unknown

If you think you're beaten, you are.
If you think you dare not, you don't.
If you'd like to win, but think you can't
it's almost a cinch, you won't
If you think you'll lose, you're lost
For out in the world you find
Success begins with a fellow's will:
It's all in the state of mind.

Full many a race is lost
Ere ever a step is run;
And many a coward fails
Ere ever his work begun.
Think big, and your deeds will grow:
Think small, and you'll fall behind:
Think that you can, and you will
It's all in the state of mind.

If you think you're outclassed, you are
You've got to think high to rise,
You've got to be sure of yourself before
You can ever win a prize.
Life's battles don't always go
To the stronger or faster man.
But soon or late the man who wins,
Is the fellow who thinks he can.

Organizational officers and workers were recognized at their perspective ceremonies.

"Successful thinkers make successful students."

"Me, have a favorite school subject?

Are YOU kidding?"

"Don't bother a senior with such a question.

I'm packing to leave right now."

"Who? Me! Are you asking me?

My favorite subject is the one I can sleep in."

"I don't like any!"

"I like them all!"

We Asked Some BHS Students: "What Is Your Favorite School Subject?

Could you tell us where the nearest gas station is?

IN MEMORY OF DALE D. HAWKINSON

I didn't know when I was young
How good my father was to me
I took for granted all the things
He sacrificed so cheerfully . . .

I didn't know how many hours
He must have spent in thought and prayer
To help and guide the little ones
Entrusted to his loving care . . .

I didn't know how wise he was
And often in my thoughtless pride
I put my own opinion first
And brushed his good advice aside . . .

But time has such a steady way
Of making understanding grow
At last I can look back and say
"God bless you, daddy - now I know"
